Here's what's coming up at Town Square Playhouse!

The Solidarity Project – Produced with The Atlanta Dramatists and Academy Theatre, this festival of short plays celebrates the history of nonviolent resistance to oppression with stories based on true historical events. Opens at TSP on April 17th!

Seussical Jr. – This delightful show brings together the whimsical worlds of Dr. Seuss in a fast-paced, heartwarming musical adventure. At the center of the story is Horton the Elephant, who discovers the tiny planet of Who-ville floating on a speck of dust. While Horton works to protect the Whos — especially the imaginative JoJo — he also faces challenges at home in the Jungle of Nool, where no one believes him. Come see our Spotlight cast perform May 1st and 2nd!

Summer Camps 2026 – We have a variety of fun and educational summer opportunities for young performers of all ages! Four weeks of Spotlight summer camps including K-Pop Demon Hunters and other themes in June, and a two-week workshop for teens with the star of *Beetlejuice: The Musical* in July! Visit Simpletix
